

Enter an arena of danger
and excitement as you become
a fearless matador in an authentic
battle of bravery. Bally Midway
introduces one in a series of six
economical conversion kit games.
Honor, glory and bonus points are
your rewards when you master the
valiant video skills of BULLFIGHT!

BULL FIGHT™

ENTER THE ARENA

Show the bull who's in charge!

With a wave of the hand the fearless matador enters the arena and prepares to battle the first charging bull in the quest for video glory. Your sword and cape are the tools of your trade as you maneuver the matador to outwit the advances of the stampeding opponent.

The point of the game is penetrating!

It takes more than mere cunning to take on a charging bull! Get a courageous grip on the controls. As the bull moves in on your red cape, push the control button to swing the cape out of his path. Now press another button to thrust the sword into the target point indicated on the bull's back. Penetrate deep enough and you'll bring the bull to a deadly demise that's not a pretty sight. But miss your mark and you run the risk of being flung shamelessly into the stands! Each player has 3 matador lives to risk in his attempt to conquer the bull.

Take the bull by the horns and claim victory!

Penetrate the bull with a skillful thrust of the sword and the crowd will reward you with a piercing cheer of approval. This signals the start of the next round where you'll be challenged by a feister, feister bull as he stampedes the arena and takes aim at your matador's cape!

Game Features & Controls

- Joystick — maneuvers matador around arena
- Sword Button — thrusts sword into target point on bull's back
- Cape Button — swings cape out of charging bull's path
